

METAGAME 2026

Sponsorship Prospectus

November 6-8, 2026, • Lighthaven, Berkeley, California

Contact: team@metagame.games

What is Metagame?

Metagame is a three-day-long conference devoted to game design, strategy, and puzzle-solving. Participants gather for talks, collaborative challenges, and gameplay at Lighthaven, one of the Bay Area's most beautiful and distinctive venues. The 2025 inaugural event drew 200+ attendees, with guest speakers including Emmett Shear (Twitch co-founder), Peih-Gee Law (Survivor), and Jay Dragon (Possum Creek Games).

Why Sponsor Metagame?

Metagame is, by design, a bespoke conference catering to high-performing problem solvers. Metagame attendees come through personal networks in the Bay Area's game design, puzzle, and AI communities.

Who attends?

- Professional game designers and developers
- Escape room and immersive experience creators
- Puzzle enthusiasts, crossword constructors, and ARG veterans
- AI researchers, founders, and tech-adjacent professionals
- Rationalist and EA community members
- Strategy gamers, tabletop RPG players, and competitive puzzle solvers

Sponsorship Benefits

Metagame's attendees are disproportionately technically sophisticated, intellectually curious, and professionally accomplished. One of our 2025 sponsors hired at least one successful full time employee.

We offer the following sponsorship tiers:

- **Silver—\$15k:** Name/logo placement (on website, swag, and all marketing opportunities), booth at the night market/career fair, 2 tickets, and attendee careers database.
- **Gold— \$30k:** Slot for main room talk, slot for office hours/short event, name/logo placement, premier booth at the night market/career fair, 1 "Guest of Honor" ticket, 3 regular tickets, and attendee careers database.
- **Platinum— \$60k (3 slots available):** Premium branded event, option to supply your own custom swag to attendees, slot for main room talk, slot for office hours/short event, special name/logo placement, premier booth at the night market/career fair, 2 "Guest of Honor" tickets, 5 regular tickets, and attendee careers database.
- **Headline (1 slot available):** Our main "brought to you by" sponsor, with all of the above perks and a decent amount of additional opportunities for creative direction (last year's headline sponsor ran a game custom-built for Metagame that lasted the duration of the conference). If you might be interested in this tier, let us know and we can discuss pricing and vision, since it's a highly customizable option and would involve more close collaboration.

Benefit	Headline (limit 1)	Platinum (limit 3)	Gold	Silver

Patron Sponsorship

Starting at \$4,096 — structured around what you want to create

The Patron track exists for people who want Metagame to exist, to be excellent, and ideally to have their fingerprints on it. Patrons tell us what they want to bring to the conference, and we work with them to make it happen. Patron benefits scale with the level of contribution.

What Patronage can look like:

- Funding and running a flagship game or megagame experience at the conference
- Hosting a private dinner, after-party, or exclusive event for a subset of attendees
- Sponsoring or creating an event
- Funding a charitable component (prize pool, auction, donation match)
- Playtesting an original game design

Patronage is flexible, and can be tailored to whatever you have in mind. Contact team@metagame.games or schedule a call for more information

Get In Touch

Logistics & Timeline

- Conference dates: November 6-8, 2026
- Venue: Lighthaven, Berkeley, California
- Sponsorship materials deadline: 6 weeks before the conference

For more details about the convention visit our website: <https://www.metagame.games/>

Sponsorship inquiries: team@metagame.games or [schedule a call](#).

All packages are flexible. If what you're looking for isn't described here, reach out anyway. We'd rather build something that works for both of us than lose a good partner over a mismatch with a templated tier.
